TRAEX®

A Libbey **FOODSERVICE** Company

IGNITING INNOVATION
WORLDWIDE

Libbey®
FOODSERVICE

OUR STORY

Traex® was founded in 1977 by Greg Wenkman, a 29-year-old entrepreneur. With a $2,000 initial investment, Traex® was established in a rented hangar at the Madison, Wisconsin airport where operations involved the manufacturing of plastic trays for fast-food companies. The company grew rapidly and profitably based on low prices and consistent quality.

In 1985, the Menasha Corporation, based in Wisconsin, purchased Traex for $3.5 million. Following the acquisition, Traex continued to prosper, with its sales doubling over the next three years. Two years later, in 1987, Traex purchased the assets of Dripcut® Inc., broadening the Traex product line. Products include the glass syrup pitcher with a sliding valve as a part of the handle, condiment squeeze bottles, salt & pepper shakers, and sugar pourers.

In 2001, the revolutionary Rack Max® warewashing system was developed. The exclusive honeycomb design holds more glasses than the standard warewashing racks. The system reduces the number of dishwasher cycles, saving the customer time and money.

On December 2, 2002, Libbey announced the successful acquisition of **Traex**®. Utilizing Libbey's industry-leading sales, marketing, and distribution network, Traex benefits from Libbey's market presence and scale, achieving broader distribution and greater market coverage.

Today, as a member of the Libbey Foodservice family of brands, Traex sells and distributes a broad range of quality products for the foodservice industry. Traex customers include restaurants, hotels, nightclubs, bars, banquet facilities, country clubs, airlines, the rental market, and the education market.

Libbey innovates. Others imitate.

Innovation has been a cornerstone of Libbey's image and history since its creation in 1818. Libbey revolutionized glassmaking — the world's first machine-made stemware was automatically produced on Libbey equipment. Today, Libbey continues to invest in new state-of-the-art production equipment, allowing it to create the foodservice industry's most significant glassware introductions.

Libbey Foodservice sets the standard in the foodservice industry. Its customers have come to expect innovation as well as quality and consistency in its brands. It further reinforces its brand through its strong brand images.

Syracuse China is able to produce its pioneering dinnerware designs faster and more efficiently with investments such as the new fast-fire kiln technology, and **World Tableware** is the leader in bringing the most distinctive flatware designs to the foodservice industry.

In December 2002, Libbey acquired **Royal Leerdam**, makers of fine European stemware, and **Traex**, a leading producer of warewashing racks, trays, and a host of other smallware products.

In addition, **Vitrocrisa**, a joint venture partner, is the largest glass tableware manufacturer in Mexico. Libbey also holds a distribution agreement with **Luigi Bormioli**, a manufacturer of fine Italian glassware.

Libbey Foodservice truly is **igniting innovation worldwide.**

Warewashing Systems

Rack Max® Warewashing Racks

Patented Design   NSF Approved (NSF)

■ Unique honeycomb compartment design

■ Smaller side compartments hold flatware, salt shakers, ramekins,etc.

■ Custom Fit
■ Textured surface
■ Open profile design allows top to bottom and side to side washing/drying action
■ Handles on all four sides

■ Snap-fit extenders
■ High-quality co-polymer plastic
■ 100% vertical glassware protection
■ Reinforced index strips (4-way tracking)
■ Add Traex Code-A-Clips for easy identification

■ Double-wall construction

Specifically engineered for BIG SAVINGS!

It's all in the revolutionary, honeycomb compartment design that gives you extra capacity and extra protection for your glassware.

Each Rack Max® rack holds up to 17-30% more glassware than other standard racks. So you save time, labor, water, chemicals, and breakage with every rack.

And Rack Max's exclusive extender system lets you customize your racks to fit any glass height.

■ 17-30% greater rack capacity saves you time and energy
■ 100% vertical glassware protection and fewer wash cycles add up to less glass breakage
■ Cleaner glassware
■ Faster drying time
■ Stackability

Diameter and Compartment Size for Half-Size Racks

To Determine Compartment Size:
Place glass upside down over circle chart.
Whichever circle the largest diameter of the
glass fits within will determine the number of
compartments and their size.

HR-D/ D1-17 Compartment ($2^5/_{16}$" x $2^5/_{16}$")

HR-F/ F1-17 Compartment (3" x 3")

↓ HRB/ C1-10 Compartment ($4^1/_8$" x $3^1/_2$")

↓ HRB/ B1-8 Compartment ($4^1/_8$" x $4^7/_{16}$")

($3^{17}/_{32}$" x $4^7/_{16}$") →

Diameter and Compartment Size for Full-Size Racks

To Determine Height of Rack:
Place glass on side with base of glass at floor
of rack as indicated below. Read number of
extenders needed to cover top of glass.

TR-9 49 Compartment ($2^1/_2$" x $2^1/_2$")

TR-7 36 Compartment ($2^{15}/_{16}$" x $2^{15}/_{16}$")

LP means Low Profile.
OE means Open Extender.
NS means product information is not otherwise shown in this catalog.

Note:
*TR-13 is compatible with all standard extenders (TR-A, TR-B, TR-C, TR-D, TR-E,TR-F, TR-J, TR-K, TR-G, TR-H, and TR-M).
TR-A Extender can be added for additional height to protect glassware when loaded racks are stacked one upon another.

**Any additional standard compartment extenders can be added to any rack to further heighten and compartmentalize your assembled racks.
Other assembled rack options are available because the TRAEX® Rack-Master® system has the flexibility to accommodate virtually any glassware.

*Available in beige only.
**Available in beige only and cannot be imprinted.

Two ways to order Glass Racks

1. Measure

The maximum diameter of your glass should be smaller than the rack compartment size and will determine the proper rack to use. The height will determine the number of extenders needed and should be shorter than the rack's compartment height. Refer to the **Glass Rack Guide** on page 13.

2. Cross-Reference

Cross-reference guides are available for top glass manufacturers from your TRAEX representative.

TRAEX CUSTOMERS.

How to order Color Racks

1. Entire Rack in one color – To order an entire rack (base and extenders) in one color such as red(02), add the suffix to the end of the rack part number such as rack no. (TR-6BBB) - color suffix (02): TR-6BBB-02.

2. Single Extender in one color – To order a beige rack with *only the top extender in one color* such as red(02), add a "9" plus the color suffix to the rack part number such as rack no. (TR-6BBB) - (9) and color suffix (02):TR-6BBB-902.

3. All Extenders in one color – To order a beige *base rack* with *all extenders in one color* such as red(02), add a "8" plus the color suffix to the rack part number such as rack no. (TR-6BBB) - (8) and color suffix (02):TR-6BBB-802.

Rack-Master® racks and extenders are available in 5 vibrant colors plus black and standard beige. To specify a color, add the color number (-02, -06, etc.) after the product number.

02-Red   06-Black   08-Yellow   19-Green   21-Burgundy   44-Royal Blue

Note: You can customize racks with color base and extenders in **any combination**. Ask your sales representative for assistance when placing your order.

Plate Crate® Warewashing System

## Complete Washing, Transporting, and Storing System NSF

Less breakage.
Cleaner china.
Faster drying.
Stackability.
Durability.
Convenient handling.
Shorter lead time.

**22 different Plate Crates give operators the perfect crate for washing, storing, and transporting china.**

Plate Crates consist of a TR-1 base rack and wire grids that snap into TR-A Open Extenders.

Available in 7 stock colors, the TRAEX warewashing system is THE all-in-one system for you.

■ Custom Fit
■ Powder-painted wire grids cushion plates and prevent corrosion
■ High-quality Co-polymer plastic

■ Easy Identification

■ Handles on all four sides

■ Double-wall construction

2 pcs./10# • 3.5 cu.ft.

All Plate Crate racks come pre-assembled.

How to Order Plate Crate:

1. Provide TRAEX® with an actual place setting and let TRAEX® do the work for you!

or

2. Measure the height and diameter of your china. The maximum diameter of the plate combined with the height will determine the proper wire grid compartment. Check the plate crate grid dimensions for correct fit.

NOTE: Height is the measurement from the table surface to the highest point of the china.

Code-A-Clips™

Plate and Glassware identification is easy with Code-A Clip™ colors and descriptions. Code-A-Clips grip securely onto racks and can be customized with color and imprinting. Code racks on one or all four sides for easy identification! See page 27 for more detailed information.

Rack-Master® racks and extenders are available in 5 vibrant colors plus black and standard beige. To specify a color, add the color number (-02, -06, etc.) after the product number.

See page 16 on how to order colored racks.

Custom Imprinted Racks
Imprinted Rack — 36 pcs.
Can be an assortment of racks as long as imprint
is the same.

Available Colors:
Imprint: White (05), Black (06)

Rack Colors: Red (02), Black (06), Yellow (08), Green
(19), Burgundy (21), Blue (44)

Artwork/Die cost:
Based on Quote

Customizing Information:
Custom imprinted or privately labeled products cannot
be exchanged or returned.

For your protection, imprints that are registered
trademarks (®) must have a letter of authorization prior
to imprinting on products.

Camera-ready artwork is required for all imprinting.

Lead time of 2 weeks after approval of artwork.

How to Order Imprinted Racks:

1. Select the appropriate Rack-Master® Rack for your equipment.

2. Determine the artwork you would like imprinted: company name, company logo, phone number, glass name and/or silhouette.

3. Specify the rack color: Red (02), Black (06), Yellow (08), Green (19), Burgundy (21), Blue (44), and Standard Beige.

4. Specify the imprint color: White (05), Black (06)

5. Call Traex Customer Service to place your order.

"H" means height including any handles. "L" means length from left to right including any handles. "W" means width from front to back.
"T" means top diameter. "B" means bottom diameter. "D" means maximum diameter including any handles.

Customize with TRAEX®

Highlight your name and your message by keeping your image in front of your customers. TRAEX® has perfected the art of customizing the foodservice items your customers use most often. The benefits are as easy to see as your logo. Call for quote—price is dependent on quantity and number of colors used.

Customizing Information
- Delivery of plus or minus 10% within the quantity ordered constitutes fulfillment of the order and payment shall be made on the basis of actual delivery.
- Custom imprinted or privately labeled products unfortunately cannot be exchanged or returned.
- For your protection, imprints that are registered trademarks (®) must have a letter of authorization prior to imprinting on our products.
- Camera-ready artwork is required for all imprinting. If artwork is more than one color, please provide color-separated artwork.

Customer Camera-Ready Options
- Supply camera-ready artwork (including color separations, if multicolor imprinting is required). There will be no artwork charges and processing time will not be delayed.
- Supply reference material (business cards, letterhead, etc.). TRAEX® can prepare necessary camera-ready artwork for a charge of $30.00 per hour. Customer's approval will be required before starting production. This will require additional lead time to produce.

Listed dimensions/capacities should not be construed as specifications nor used as a standard of measure. The nature of the chinaware manufacturing process may cause normal size and color variations to occur. Accepted trade practices recognize an allowable over/under variance in size of 1/8 inch in diameter and +/- 10% in capacity from the published catalog information.

Partial Terms of Sales

1. Minimum Orders: Minimum orders accepted are $200.00 net to a single destination. Orders less than $200.00 net will not be processed.
2. Returns: No merchandise may be returned without written authorization from the factory. Any such merchandise must be sent back freight pre-paid by the customer in original cartons and is subject to a 15%-25% restocking charge. **Only stock items may be returned.**
