chocolate fountains

Made in the USA

The American Chocolate Fountain™

The American Chocolate Fountain™ has created new opportunities for party and event rentals featuring chocolate fountains. People are drawn to the aroma and sight of an irresistible chocolate waterfall flowing over the fountain's stainless steel tiers.

Designed to handle any food product that can be reduced to the flowing consistency of fondue, The American Chocolate Fountain™ is versatile and ruggedly built for years of reliable commercial service.

Available in 110/120 (U.S.) and all international voltages.

champagne fountains

Elegant Fountains for Beverage Service

Champagne Fountains make attractive, practical beverage dispensers.

A stainless steel champagne fountain can provide self serve beverages for the largest party or event and a minimum of server attention.

The polished stainless steel construction of our champagne fountains looks great on any banquet table.

The fountains' top tier can be decorated to reflect the beverage or event theme. Each fountain is internally lit for additional eye appeal.

water walls

Soothing Room Decor

Water Wall fountains from Buffet Enhancements are an unique and contemporary version of a water fountain.

Water rises to the top of the fountain and gently cascades down both sides onto the rocky base below, providing the illusion of water pouring from rock.

The fountains' finish is a highly textured simulation of slate. The combination of sound, movement and texture create a delightfully peaceful mood for any setting.
